USING THE GROUP HOLDS FEATURE

GROUP HOLDS

Grouping holds is a feature that allows holds to be placed on multiple records. When the holds are then grouped, whichever is available first will fill the hold and the others will be removed from the patron's holds list.

This is especially helpful for high-hold materials where the patron is ok with multiple formats.

e.g. Patron want hot new movie but doesn't care if they get Blu-Ray, Blu-Ray/DVD Combo Pack, or DVD.

SUSPEND / REACTIVATE HOLDS

SUSPENDING HOLDS

If a patron doesn't want their hold filled until a certain time (e.g. going away on holidays) holds can be suspended until a chosen activation date.

The patron will keep their place in the holds queue while suspended. Suspended holds show a status of **INACTIVE**.
